Entering the Git Ecosystem

Paolo Perrotta

FREELANCE DEVELOPER

@nusco

Almost all modern development tools support Git

Developer Tools

Visual Studio

eclipse

Visual Studio Code
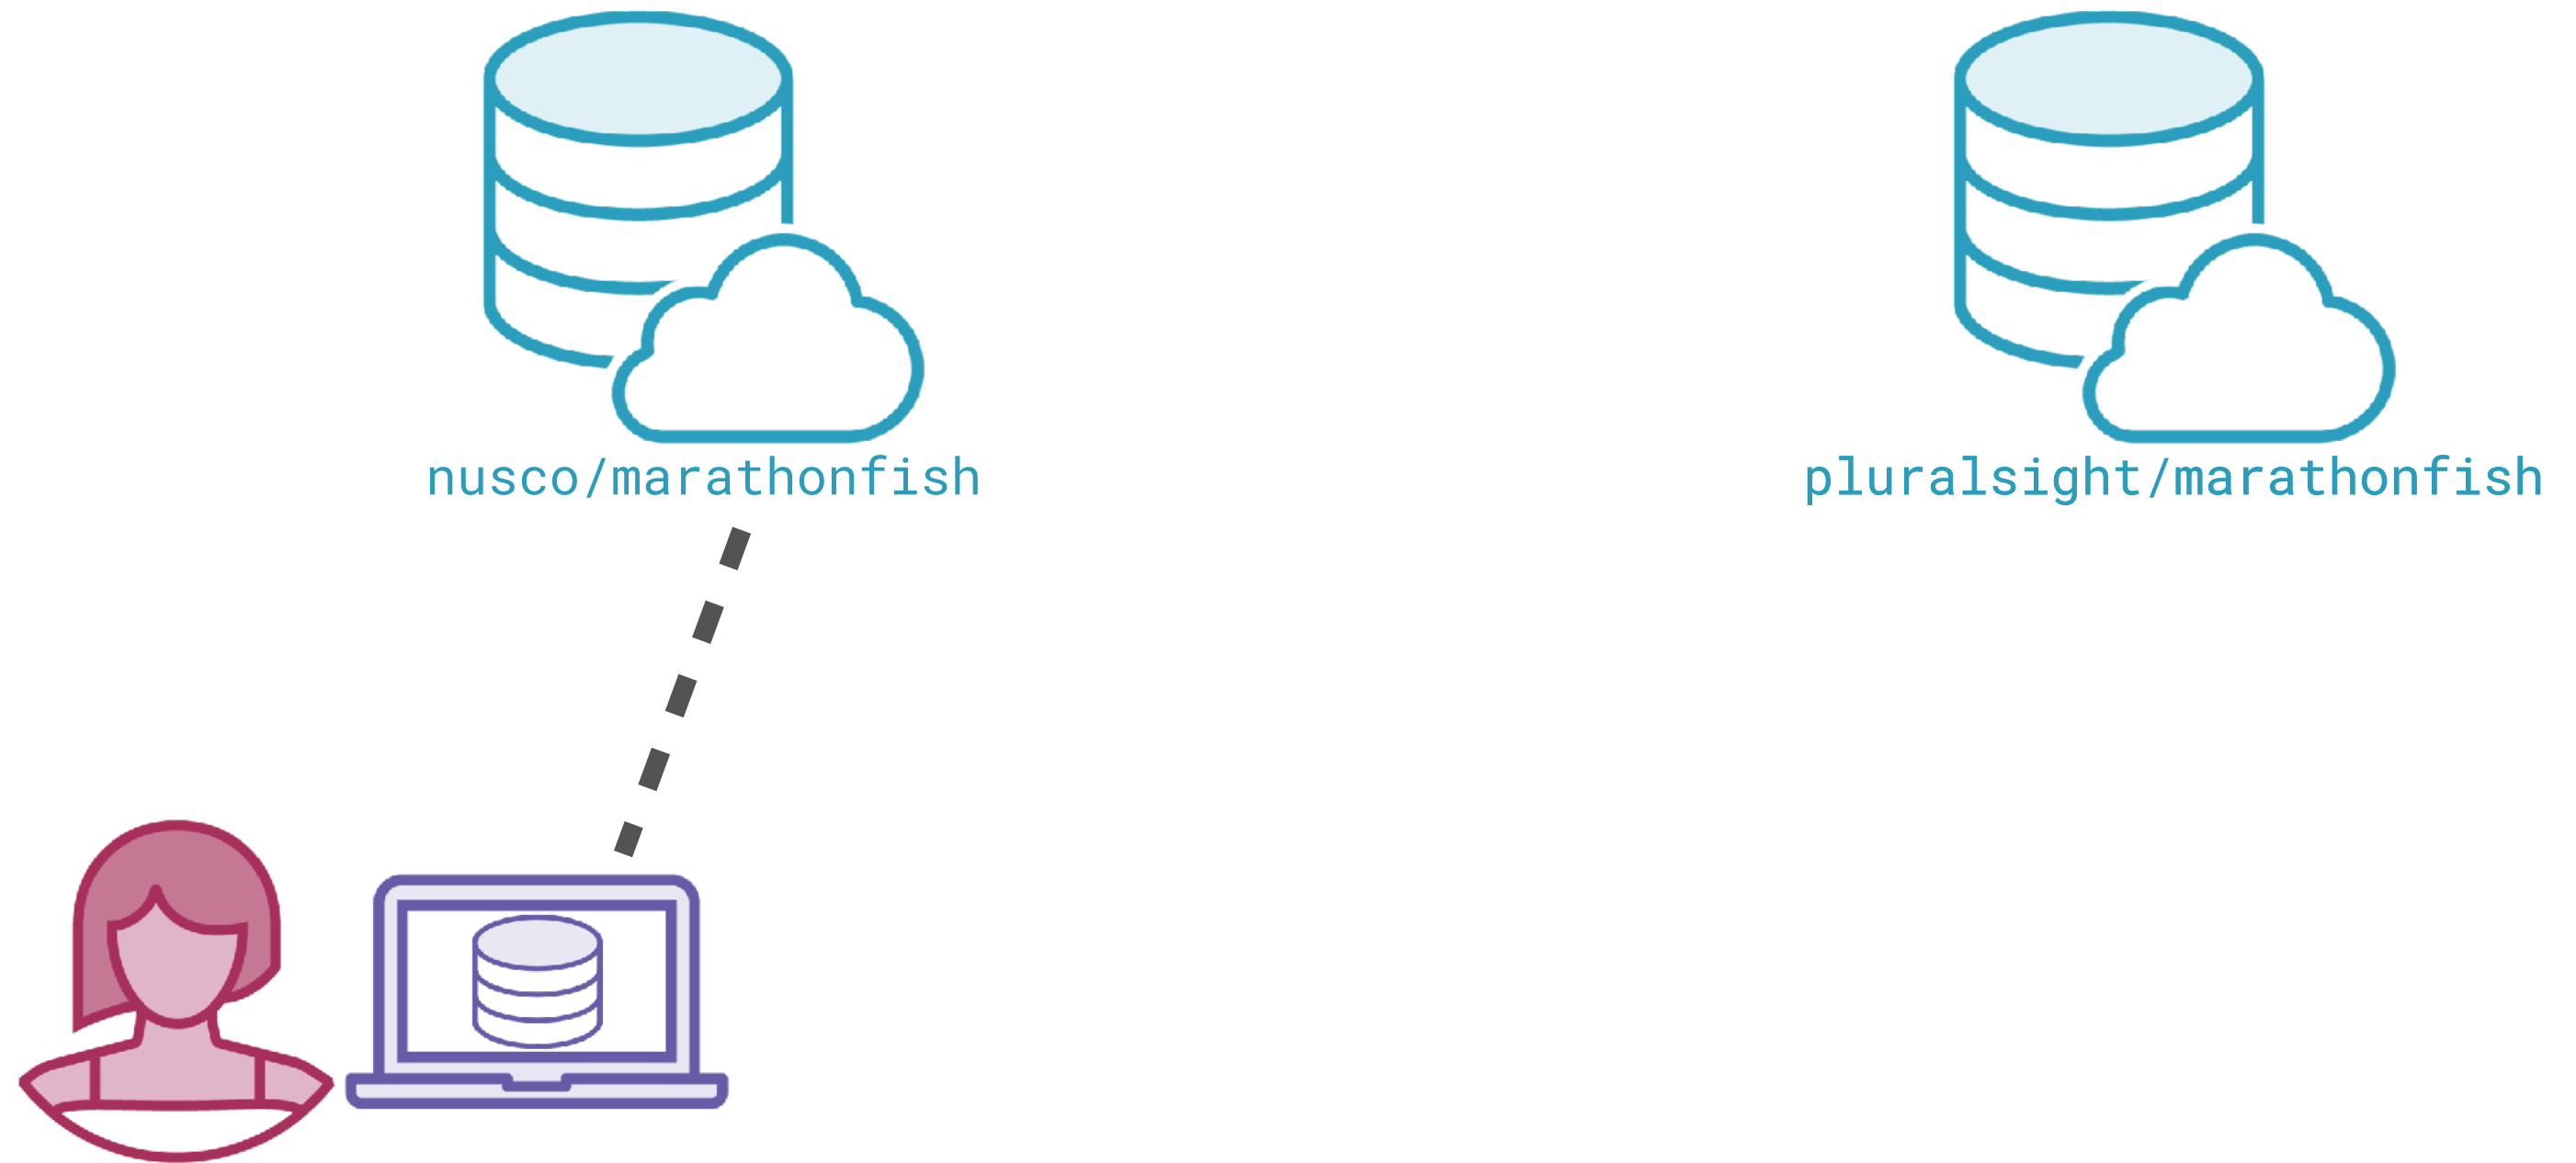

Vim

Sublime Text

Sourcetree

Team Tools

Cloud Providers

Git-based Services

A Quick Look at GitHub

Forking a Project

nusco/marathonfish

pluralsight/marathonfish

# Contributing to a Project

nusco/marathonfish

pluralsight/marathonfish

Sending a Pull Request

The "Open Source" workflow isn't just for open source
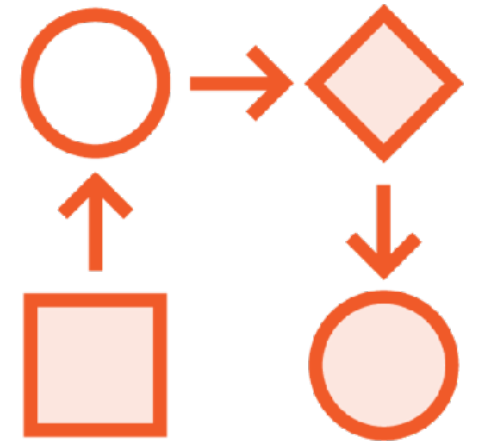

GitHub Is...

...a hosting service

...a set of project management tools

...a social network centered on coding

...a workflow

The Open Source Workflow

Summary

Demo: Git in a nutshell

Introduction to version control

Git's strengths and weaknesses

The Git ecosystem and GitHub

Thank You!
